Ma Shailaputri is the Navadurga venerated during the first day of Navratri. Maa Shailaputri is the daughter of the Mountain King Himavat, and Adi Parashakti, a manifestation of the mother goddess Mahadevi, representing herself as the pure form of goddess Parvati. Shailaputri is the Muladhara Shakti to be realized within Self and sought for higher depths, in the YOGAmeditation. The 1st day of Navratri is considered to be very auspicious as the Yogic start for being in tune with the Divine Mother.
